The screenshot shows a web browser window titled "DatePlay... Create a screen name - Microsoft Internet Explorer". The address bar is empty. The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The toolbar shows standard navigation buttons and a "Links" section with shortcuts to DatePlay, ABC, CNN, Yahoo!, Excite, WY, WABC, and WAA. The main content area features the "DatePlay" logo at the top left. To its right are two buttons: "Contact Us" and "Help / Info". On the left side of the page, there is a vertical menu with four buttons: "About DatePlay", "New Player", "Existing Player", "Coming Events", and "Visit Our Store". The central focus is a large, dark, rounded rectangular form titled "Create a screen name and a password". This form contains four input fields labeled "Screen Name", "Password", "Re-type Password", and "E-Mail". Below these fields is a "NEXT" button. The form is set against a background that resembles a computer monitor.
